**AMENDMENT OF OIL, GAS AND MINERAL LEASE**

STATE OF TEXAS           §  
                                      §       **KNOW ALL MEN BY THESE PRESENTS:**  
COUNTY OF TARRANT   §

**WHEREAS**, on April 22, 2008 **Tarrant County, Texas**, a political subdivision of the State of Texas (the "**Lessor**"), executed and delivered unto **Chesapeake Exploration L.L.C.**, an Oklahoma Limited Liability Company, ("**Chesapeake**") (the "**Lessee**"), an Oil, Gas and Mineral Lease (the "**Lease**") which is recorded as Memorandum of Oil and Gas Lease, Document # D208171292, of the Official Records of Tarrant County, Texas, covering lands more specifically described herein below:

**101.95** acres of land, more or less, in the John Collett Survey, A-260, the Louis Cohen Survey, A-290, the Robert Gillaster Survey, A-619, the Elijah Rogers Survey, A-1292, and the Juan Armendaris Survey, A-1768, being more particularly described as Lot 1, Block 1, Resource Connection Addition, an addition to the City of Fort Worth, Tarrant County, Texas, according to that certain plat recorded in Cabinet A, Slide 3224, of the Plat Records of Tarrant County, Texas.

**WHEREAS**, since the execution and delivery of the Lease, it has been discovered that a portion of said lease pertaining to pooling being the Retained Acreage Clause, provision 7B – Horizontal Wells, (2<sup>nd</sup> and 3<sup>rd</sup> sentences of the 1<sup>st</sup> paragraph) is inadequate for the benefit of both parties, and thus, the Lessor and Lessee desire to amend the pooling provision of the Lease in order to more effectively develop the Lands contained with the hereinabove described Lease;

D209058000

**NOW THEREFORE**, for and in consideration of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged and confessed, the Lessor and Lessee do hereby amend the Lease as follows:

(a) Said pooling provision currently reads as follows, to wit:

"The term "horizontal well" or "horizontally drilled well" shall mean any well that is drilled with one or more horizontal drainholes having a horizontal drainhole displacement of at least five hundred eighty-five (585) feet. For the purposes of further defining the term "horizontal wells" and "horizontally drilled" reference is made to the definitions contained within Statewide Rule 86, as promulgated by the Railroad Commission of Texas, which definitions are incorporated herein for all purposes."

The above sentences are hereby deleted in their entirety and the following sentences are added in place of the above sentences (i.e. the Lease is hereby amended to read), to wit:

The creation of a unit by pooling shall be based on the following criteria (hereinafter called "pooling criteria"): A unit for an oil well (other than a horizontal completion) shall not exceed 40 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 270 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so.

The Lessor does by these presents ratify, confirm and adopt the Lease and the addendum thereto as amended hereby, and do further grant, let, lease and demise unto the Lessee all of the land described therein, together with all rights thereunder, under the same terms and conditions contained in the original lease, **except as herein amended.**

Executed by each party on the date set forth in their respective acknowledgments below, but effective for all purposes as of the date such instrument is filed for recording in the office of the county clerk.
